Wednesday, 22/11/2023 Hackathon Day 2

9:00 AM – Introduction

9:30 AM – Hackathon Session 4 – Pitching

- Each group will pitch its own proposal to the rest of the audience, who will serve as a selection panel for funding. The presentation may be made by one or more people, and it may include slides or other types of medium. Each pitch may last a maximum of 15 minutes. The objective of the presentation is to convince the audience to fund it.
- The audience may select only one project. Each member of the audience has 2 points available which may be given to one project only or 1 point to two projects. No member may vote for their own project.

10:30 AM – Hackathon Session 5 – Drafting

- Each group will write 5 paragraphs:
 - Paragraph 1: A brief introduction to explain which obstacle and opportunity the group selected during the previous sessions.
 - Paragraph 2: A brief description of the context in which the theme is set, including factors influencing the author's position.
 - Paragraph 3: A description of the project developed.
 - Paragraph 4: A presentation of the target groups and the stakeholders.
 - Paragraph 5: A description of the financial and/or human resources needed to implement the project.
- The paragraphs should make reference to regulations, legislations, international conventions, ethical values expressed by internationally-recognized agreements or objectives (SDGs, UN Declarations,...)

11:30 AM – Break

12:00 AM – Hackathon Session 6 – Sharing

- The paragraphs written by each group will be read to the audience and commented. Each paragraph may take up to 20 minutes.

1:00 PM – Lunch break
