DECREES

ART. 1- Purpose

As part of the "Visiting Scientist 2024-2026" Program, a comparative evaluation procedure has been announced, based on qualifications only, reserved for highly qualified scholars from abroad, called to collaborate with the teaching and research structures of the University of Sassari. The positions to be filled, covering 4 short stays, refer to the Departments, profiles and scientific disciplinary sectors listed below.

ART. 2 - Object and requirements
SHORT TERM

Dipartimento	Architecture, design and city planning
Id	433
Progetto	Beyond the object
Periodo	6 days
SSD	ICAR/13 DISEGNO INDUSTRIALE
Impegno scientifico	The candidate integrates teaching activities aimed at students in the Bachelor of Design program in the interclass workshop mode. Specifically, he/she systematizes students' skills to stimulate reflection on design practices, and expand awareness of the multiplicity of possible approaches.
Profilo	Many years' experience in teaching product design and conducting design workshops, with an approach based on experiential learning and co-creation. Extensive research and professional experience in product design and social design, with/a support of communities with the integration of collaborative methodologies.

Dipartimento	Chemical, Physical, Mathematical and Natural Sciences
Id	434
Progetto	Innovative nanoscale materials for energy and environmental applications
Periodo	6 days
SSD	CHIM/02 CHIMICA FISICA
Impegno scientifico	As for the research, the activity will focus on the implementation of experimental methodologies for the synthesis of high-surface nanomaterials, and on their surface functionalization in view of specific applicative properties. Teaching and dissemination commitment will encompass two lectures on the state-of-the-art preparation and characterization techniques of innovative nanometer sized chemical systems and on their potential application in the field of energy and environment.

Profilo	The ideal candidate will have internationally recognized experience in the field of innovative materials at the nanoscale, their preparation and characterization. More in details, he/she shall have proven abilities in mastering these techniques towards the investigation of innovative materials for energy storage and transformation. He/she will also possess wide knowledge either of the cutting-edge applications for in situ and operando analyses, either of the use of high-level methodologies for the modeling and for structure resolution and microstructural parameters determination.

Dipartimento	Chemical, Physical, Mathematical and Natural Sciences
Id	436
Progetto	Nanocomposites for post-Li batteries: advanced synthesis and characterization
Periodo	6 days
SSD	CHIM/02 CHIMICA FISICA
Impegno scientifico	The candidate should offer his/her expertise for conceiving and realizing experiments, analyzing data and providing feedbacks for new tests. He/she should help out the graduated/undergraduate students in discussing the results. Lastly, he/she will deliver seminars/lessons for undergraduate and PhD students on his/her research topics and activities during the visiting period.
Profilo	The research carried out in the field described rely on a multidisciplinary approach that encompasses theoretical knowledge and skills in matter transformation, flanked by cutting-edge characterization techniques and mathematical modelling. The required scientific profile of the candidate should showcase a wide and internationally recognized experience on synthesis and characterization of materials for energy-related applications and should provide experience in physico-chemical and electrochemical characterization techniques, also in situ and operando at large scale facilities.

Dipartimento	Scienze Economiche e Aziendali
Id	435
Progetto	Evidence Based Policy on Education and Fertility Decisions
Periodo	12 days
SSD	SECS-P/01 ECONOMIA POLITICA
Impegno scientifico	The Visiting Professor will interact with the local scientific community and, in particular, with researchers working on demographic phenomena using empirical methods and quasi-experimental variation. Moreover, she/he will deliver a lecture within the 'Laboratorio di Economia e Finanza' course of the Master's Degree in Economics on topics related to fertility economics and educational outcomes.

Profilo	This call seeks researchers with expertise in fertility economics and educational outcomes using quasi-experimental methodologies. Ideal candidates will have a strong publication record in ANVUR A-level journals, demonstrating proficiency in causal inference techniques applied to demographic and educational research.

Art. 3 - Admission requirements

For admission to the procedure is required the possession of the following requirements on the expiry date of the call:

- a) be permanently and continuously engaged abroad in research activities at Universities, Research Institutions, or freelance;
- b) a curriculum vitae of high scientific value, whose activity is documented by quality indicators recognized by the international scientific community;
- c) the enjoyment of civil and political rights;

Citizens who are not Italian citizen must also meet the following requirements:

- 1) enjoy civil and political rights in the states of origin;
- 2) be in possession (with the exception of the ownership of Italian citizenship) of all the other requisites envisaged for citizens of the Republic;

The above requisites must be met on the expiry date of the deadline for submitting applications for admission to the selection.

Art. 4 - Applications and submission deadlines

The application for the selection must be completed and sent electronically using the web application accessible via link available on the institutional website of the University of Sassari, on the page dedicated: www.uniss.it/applicazioni/visiting

Applications must be received **no later than 01.00 pm on 30th May 2025**.

In the application form for this selection, candidates must declare under their own personal responsibility and aware of the penal sanctions provided for by articles 46 and 76 of the Presidential Decree n.445/00, for cases of false documents and false declarations:

- 1) name and surname;
- 2) date and place of birth;
- 3) the complete address;
- 4) the possession of the requisites envisaged by art. 3 of this notice;
- 5) the citizenship they hold;
- 6) any criminal convictions reported (even if an amnesty, pardon or judicial pardon has been granted and any pending criminal proceedings against them);
- 7) the enjoyment of civil and political rights;
- 8) the non-existence of situations, even potential ones, of conflict of interest pursuant to current legislation;
- 9) the possession of evaluable securities (possibly) indicated in article 3 of this notice.

Citizens who are not in possession of Italian citizenship must also declare:

- 1) to enjoy civil and political rights also in the countries of origin or origin;
- 2) to be in possession, with the exception of the ownership of Italian citizenship, of all the other requisites envisaged for citizens of the Republic;

The contact details to which any communications should be sent must also appear in the

application.

The candidate must attach to the application:

a) curriculum vitae showing the evaluable qualifications required in this notice;

The Administration reserves the right to carry out appropriate checks on the truthfulness of the content of the declarations made.

Art. 5 - Evaluable qualifications

For the assessment of qualifications, each candidate may be awarded up to 100 points overall, to be awarded according to the criteria indicated below:

- 1) Curriculum vitae: up to a maximum of 40 points;
- 2) Relevance of the scientific production: up to a maximum of 40 points;
- 3) Consistency between the candidate's profile and scientific activity and the associated research project among those advertised: up to a maximum of 20 points.

Art. 6 - Commission of selection and selection methods

One or more selection commissions are set up in each Department, appointed by the Director of the Department after the expiry of the deadline for the presentation of applications to participate, for the evaluation of candidates. Each commission is made up of at least three members of the Department itself, and identifies within itself a President and a Secretary who takes the minutes. The selection is for titles only.

Each Commission verifies the admission requirements and subsequently evaluates the qualifications of the candidates, complying with the evaluation criteria set out in art. 5. At the end of the work each Commission, after a comparative evaluation, with its own resolution, taken with the majority of the members, formulates a merit ranking of the participants in the selection for each research grant so that, in the event of withdrawal by the winner, the next candidate suitably placed in the ranking takes over.

Each Commission of selection will send the documents relating to the evaluation of its candidates to the Visiting Commission which will verify the conformity of the evaluations carried out by the individual commissions with respect to the announcement.

ART. 7 - Remuneration and tax treatment

The fee will be established on the basis of the type of assignment, long and short visiting, to be attributed to the winner, as well as on the basis of the qualification, in the case of long visiting, or of the country of origin, in the case of short visiting, as required by articles 16 and 17 of the Visiting Professor/Scientist Regulations.

Short stays are divided into a 6-day module. The short visiting will be awarded a gross fee (which includes estimated travel expenses) for each module, equal to euro:

€1,843.32 for visitors from the European area;

€2,304.15 for visitors from the area including the Americas and Africa;

€2,764.97 for visitors from the area including Asia and Oceania.

All amounts are to be considered all-inclusive, gross of the charges established by law to be paid by the recipient, but net of IRAP.

The net remuneration payable can be exactly determined only after the beneficiary has chosen the tax regime, i.e.:

a) taxation in fixed sum

b) mixed taxation in the light of international conventions against double taxation.

If option b) is chosen, it will be necessary, for the purposes of payment of the remuneration, to produce a suitable certification, certifying tax residence, issued by the competent tax authority

of the country of residence

Art. 8 - Approval of documents

The procedure will end with the final approval of the rankings by the University Visiting Commission and with the subsequent issuing of the decree appointing the Rector's winners. The final ranking will be published on the website <https://www.uniss.it/visitingprofessor>

The candidates placed in the ranking will receive, by e-mail, a formal communication declaring them winners.

Within the peremptory term of 20 days from such communication, the assignees are invited to submit to the competent office, under penalty of forfeiture, the declaration of acceptance of the research grant under the conditions established in this announcement, using the form attached to the communication.

In the event of renunciation or non-awarding, the scholarship will be awarded to the next suitable candidate, according to the order of merit ranking.

Art. 9 - Treatment of personal data

Pursuant to the U.E. Regulation 2016/679, the University undertakes to respect the confidential nature of the information provided by the candidate. All the data provided will be processed only for the purposes connected and instrumental to the selection and awarding of the research grant, in compliance with the provisions in force. Pursuant to articles 3 and 7 of legislative decree 33/2013, information, data, documents, including the curriculum vitae, are subject to publication in an open format on the University website in the "Transparent Administration" section and anyone has the right to know, use and reuse them without restrictions, even for purposes other than this procedure, with the obligation to cite the source and respect its integrity.

Art. 10 - Responsible for the procedure

Pursuant to the provisions of law 241/90 art. 5, the person in charge of the procedure for this notice is Dr. Giovanni Gaspa, head of the Career Recruitment and Teaching Staff Management office of the University of Sassari: ggaspa@uniss.it.

Art. 11- Advertising

Publicity of this notice will be given on the University website www.uniss.it.

Art. 12 - Referral rules

For anything not provided for in this notice, the provisions on the conduct of the competitions governed by the Decree of the President of the Republic of 9 May 1994 n. 487 (Regulation containing rules on access to employment in public administrations and the procedures for carrying out competitions, single competitions and other forms of recruitment in public employment and subsequent integration and modification rules.
