Professor of Finance

Babeş-Bolyai University - Faculty of Business, Business Department

SHORT BIO

Marius Dan Gavriltea is a Professor of Finance at the Faculty of Business, Babeş-Bolyai University in Cluj-Napoca, Romania. His research interests lie at the intersection of insurance and reinsurance markets, risk and catastrophe risk management, climate change impacts on finance, healthcare systems and sustainability in financial systems. He holds a PhD in Finance and completed his habilitation in Finance in 2019. Professor Gavriltea has published extensively in peer-reviewed international journals indexed in Web of Science and Scopus, with over 40 research articles focusing on climate-related financial risks, ESG disclosure, healthcare finance and reinsurance mechanisms. He has led national research grants and participated in academic collaborations and conferences internationally. His work emphasizes the integration of sustainability and climate risk into financial decision-making, including the role of insurance in managing emerging risks. He also serves on editorial boards and is an active reviewer for top journals in finance, insurance, and sustainability..
