## DECREES

## ART. 1- Purpose

As part of the "Visiting Scientist 2024-2026" Program, a comparative evaluation procedure has been announced, based on qualifications only, reserved for highly qualified scholars from abroad, called to collaborate with the teaching and research structures of the University of Sassari. The positions to be filled, covering 5 short stays and 1 long stay, refer to the Departments, profiles and scientific disciplinary sectors listed below.

ART. 2 - Object and requirements  
SHORT TERM

Department	Business and Economics
ID	466
Project	Experimental Economics for Environmental and Fiscal Policy Design
SSD	SECS-P/06 ECONOMIA APPLICATA
Period	6 days
Profile	Demonstrate expertise in experimental economics and public economics. Have a track record of publications in peer-reviewed scientific journals.
Expected research outcome	The candidate will be expected to engage with the local scientific community, particularly with researchers investigating issues related to public policies aimed at mitigating the impacts on ecosystems. In addition, the candidate will be required to deliver a short course within the PhD programme in 'Economics, Management, and Quantitative Methods', focusing on topics related to experimental economics and public policy.

Department	Business and Economics
ID	467
Project	The configurations of the performance measurement systems of the regional health systems that contribute to the improvement of healthcare services
SSD	SECS-P/07 ECONOMIA AZIENDALE
Period	6 days
Profile	The visiting professor must be an academic with high expertise in the field of healthcare management. He/she must have had past experiences as visiting professors and must have given keynote lectures and seminars, as well as provided policy and research advice to national and international governments and agencies. He/she must

	have several peer-reviewed publications and many appearing in leading scientific journals. He/she must be keen on topics such as healthcare planning and management, performance measurement and management, and healthcare inter-organisational relationships.
Expected research outcome	The Visiting Professor must collaborate with the project coordinator to design and develop the research project outlined for this position. Since the position is 'short term visiting', the project will be planned during his/her stay but will be conducted in the following months. Workshops and seminars will be organised to share the project idea with academics and practitioners. In parallel, the Visiting Professor will be involved in several teaching activities, including seminars and lessons within the Degree Courses.

Department	Business and Economics
ID	468
Project	Quasi-market systems, governance structures and sustainability in higher education
SSD	SECS-P/07 ECONOMIA AZIENDALE
Period	6 days
Profile	The visiting professor must be a researcher with high expertise in the field of higher education and sustainability (professor, director or researcher in research centres, managerial experience, public appointments). He/she must have had past experiences as a visiting professor or fellowships in other universities. He/she must have several peer-reviewed publications in leading scientific journals. He/she must be (or have been) an Editor/Associate Editor in leading scientific journals or book series in the field. He/she must be keen on topics such as higher education and sustainability.
Expected research outcome	The Visiting Professor must collaborate with the project coordinator to design and develop the research project outlined for this position. Since the position is 'short term visiting', the project will be planned during his/her stay but will be conducted in the following months. Workshops and seminars will be organised to share the project idea with academics and practitioners. In parallel, the Visiting Professor will be involved in several teaching activities, such as seminars and lessons in the PhD. Program of the department.

Department	Business and Economics
ID	469
Project	Formalization of distributed models
SSD	INF/01 INFORMATICA
Period	6 days
Profile	The candidate must be an expert of concurrent programming, model-checking, process calculi, process algebras, verification of concurrent systems.

**UNISS**UNIVERSITÀ  
DEGLI STUDI  
DI SASSARI

AMMINISTRAZIONE CENTRALE

Expected research outcome	The candidate must possess a strong background in proof theory, logic, and experience in the use of formal programming languages, concurrent programming, and process algebras. This will be necessary to work for establishing and implementing a formal system to specify and verify properties of concurrent programmes, with applications to financial flows, circular economy mechanisms and biological systems.
---------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Department	Business and Economics
ID	491
Project	Inequality and the environment
SSD	SECS-P/12 STORIA ECONOMICA
Period	6 days
Profile	The Candidate must have a good record of international publications, and should give evidence of experience related to the field of environmental economics and/or inequality measurement and analysis.
Expected research outcome	The Visiting Professor will interact with the local academic community and in particular with researchers working on issues related to environmental economics and inequality analysis. She/he will teach in the PhD program in Economics, Management and Quantitative Methods on topics related to environmental economics and inequality analysis.

#### LONG TERM

Department	Veterinary medicine
ID	493
Project	New kids on the flock: investigation on accelerometers and artificial intelligence algorithms as novel tools to enhance ovine fertility
SSD	VET/10 CLINICA OSTETRICA E GINECOLOGIA VETERINARIA
Period	1 month
Profile	Experienced researcher in ruminant reproduction, with a strong background in assisted reproductive technologies and non-invasive monitoring of reproductive function in livestock. Demonstrated teaching experience in reproductive endocrinology and extensive involvement in tutoring undergraduate and graduate students.
Expected research outcome	The visiting professor will participate in the experimental activities planned within the project. Specifically, he/she will be involved in the experimental design, the execution of experiments, and the collection, analysis, and interpretation of results. Teaching activities will include lectures for students enrolled in the Degree Course in Veterinary Medicine. As part of the PhD program in Veterinary Sciences, a series of seminars on innovative technologies for monitoring reproduction in livestock is planned.

#### Art. 3 - Admission requirements

For admission to the procedure is required the possession of the following requirements on the expiry date of the call:

- a) be permanently and continuously engaged abroad in research activities at Universities, Research Institutions, or freelance;
- b) a curriculum vitae of high scientific value, whose activity is documented by quality indicators recognized by the international scientific community;
- c) the enjoyment of civil and political rights;

Citizens who are not Italian citizen must also meet the following requirements:

- 1) enjoy civil and political rights in the states of origin;
- 2) be in possession (with the exception of the ownership of Italian citizenship) of all the other requisites envisaged for citizens of the Republic;

The above requisites must be met on the expiry date of the deadline for submitting applications for admission to the selection.

#### Art. 4 - Applications and submission deadlines

The application for the selection must be completed and sent electronically using the web application accessible via link available on the institutional website of the University of Sassari, on the page dedicated: <https://portal.uniss.it/visiting/index.php/candidatura/en>

Applications must be received **no later than 01.00 pm on 30th April 2026**.

In the application form for this selection, candidates must declare under their own personal responsibility and aware of the penal sanctions provided for by articles 46 and 76 of the Presidential Decree n.445/00, for cases of false documents and false declarations:

- 1) name and surname;
- 2) date and place of birth;
- 3) the complete address;
- 4) the possession of the requisites envisaged by art. 3 of this notice;
- 5) the citizenship they hold;
- 6) any criminal convictions reported (even if an amnesty, pardon or judicial pardon has been granted and any pending criminal proceedings against them);
- 7) the enjoyment of civil and political rights;
- 8) the non-existence of situations, even potential ones, of conflict of interest pursuant to current legislation;
- 9) the possession of evaluable securities (possibly) indicated in article 3 of this notice.

Citizens who are not in possession of Italian citizenship must also declare:

- 1) to enjoy civil and political rights also in the countries of origin or origin;
- 2) to be in possession, with the exception of the ownership of Italian citizenship, of all the other requisites envisaged for citizens of the Republic;

The contact details to which any communications should be sent must also appear in the application.

The candidate must attach to the application:

- a) curriculum vitae showing the evaluable qualifications required in this notice;

The Administration reserves the right to carry out appropriate checks on the truthfulness of the content of the declarations made.

#### Art. 5 - Evaluable qualifications

For the assessment of qualifications, each candidate may be awarded up to 100 points overall, to be awarded according to the criteria indicated below:

- 1) Curriculum vitae: up to a maximum of 40 points;
- 2) Relevance of the scientific production: up to a maximum of 40 points;
- 3) Consistency between the candidate's profile and scientific activity and the associated research project among those advertised: up to a maximum of 20 points.

#### Art. 6 - Commission of selection and selection methods

One or more selection commissions are set up in each Department, appointed by the Director of the Department after the expiry of the deadline for the presentation of applications to participate, for the evaluation of candidates. Each commission is made up of at least three members of the Department itself, and identifies within itself a President and a Secretary who takes the minutes. The selection is for titles only.

Each Commission verifies the admission requirements and subsequently evaluates the qualifications of the candidates, complying with the evaluation criteria set out in art. 5. At the end of the work each Commission, after a comparative evaluation, with its own resolution, taken with the majority of the members, formulates a merit ranking of the participants in the selection for each research grant so that, in the event of withdrawal by the winner, the next candidate suitably placed in the ranking takes over.

Each Commission of selection will send the documents relating to the evaluation of its candidates to the Visiting Commission which will verify the conformity of the evaluations carried out by the individual commissions with respect to the announcement.

#### ART. 7 - Remuneration and tax treatment

The fee will be established on the basis of the type of assignment, long and short visiting, to be attributed to the winner, as well as on the basis of the qualification, in the case of long visiting, or of the country of origin, in the case of short visiting, as required by articles 16 and 17 of the Visiting Professor/Scientist Regulations.

In particular, the long-visiting will have a compensation commensurate with the equivalent qualification, i.e.:

€4,608.29 per month gross in the case of Junior Visiting (full professor or associate professor or equivalent);

€2,764.97 gross per month for the Researcher (researcher);

€2,304.15 gross per month for the Post-doc researcher (research fellow).

Short stays are divided into a 6-day module. The short visiting will be awarded a gross fee (which includes estimated travel expenses) for each module, equal to euro:

€1,843.32 for visitors from the European area;

€2,304.15 for visitors from the area including the Americas and Africa;

€2,764.97 for visitors from the area including Asia and Oceania.

All amounts are to be considered all-inclusive, gross of the charges established by law to be paid by the recipient, but net of IRAP.

The net remuneration payable can be exactly determined only after the beneficiary has chosen the tax regime, i.e.:

a) taxation in fixed sum

b) mixed taxation in the light of international conventions against double taxation.

If option b) is chosen, it will be necessary, for the purposes of payment of the remuneration, to produce a suitable certification, certifying tax residence, issued by the competent tax authority of the country of residence

#### Art. 8 - Approval of documents

The procedure will end with the final approval of the rankings by the University Visiting Commission and with the subsequent issuing of the decree appointing the Rector's winners. The final ranking will be published on the website <https://www.uniss.it/visitingprofessor>. The candidates placed in the ranking will receive, by e-mail, a formal communication declaring them winners.

Within the peremptory term of 20 days from such communication, the assignees are invited to submit to the competent office, under penalty of forfeiture, the declaration of acceptance of the research grant under the conditions established in this announcement, using the form attached to the communication.

In the event of renunciation or non-awarding, the scholarship will be awarded to the next suitable candidate, according to the order of merit ranking.

#### Art. 9 - Treatment of personal data

Pursuant to the U.E. Regulation 2016/679, the University undertakes to respect the confidential nature of the information provided by the candidate. All the data provided will be processed only for the purposes connected and instrumental to the selection and awarding of the research grant, in compliance with the provisions in force. Pursuant to articles 3 and 7 of legislative decree 33/2013, information, data, documents, including the curriculum vitae, are subject to publication in an open format on the University website in the "Transparent Administration" section and anyone has the right to know, use and reuse them without restrictions, even for purposes other than this procedure, with the obligation to cite the source and respect its integrity.

#### Art. 10 - Responsible for the procedure

Pursuant to the provisions of law 241/90 art. 5, the person in charge of the procedure for this notice is Dr. Giovanni Gaspa, head of the Career Recruitment and Teaching Staff Management office of the University of Sassari: [ggaspa@uniss.it](mailto:ggaspa@uniss.it).

#### Art. 11- Advertising

Publicity of this notice will be given on the University website [www.uniss.it](http://www.uniss.it).

#### Art. 12 - Referral rules

For anything not provided for in this notice, the provisions on the conduct of the competitions governed by the Decree of the President of the Republic of 9 May 1994 n. 487 (Regulation containing rules on access to employment in public administrations and the procedures for carrying out competitions, single competitions and other forms of recruitment in public employment and subsequent integration and modification rules).

THE RECTOR  
(Prof. Gavino Mariotti)
